INTRODUCTION

This report presents data on Department of Defense (DoD) prime contract awards over \$25,000, grants, and cooperative agreements awards for research, development, test, and evaluation (RDT&E) made to educational and nonprofit institutions during fiscal year (FY) 1992. **This FY 1992 report integrates the procurement and grants data together in a single report for the first time.** These data are presented in three tables, each of which lists contractors and grantees alphabetically and gives the net value of all awards as well as the value of the awards and the place of performance. Tables 1 through 3 covers contract awards, grants, and cooperative agreements made to United States entities as well as to foreign governments and institutions. In each of the tables, totals are indicated by an asterisk (*).

NOTES ON COVERAGE

The dollar amounts shown here include prime contract awards over \$25,000, grants and cooperative agreements for RDT&E work, and only that work awarded to nonprofit, educational, and government institutions. Excluded are data on awards for other services, such as training, and any supplies furnished by the contractor in support of research being done. RDT&E contract awards for civil functions also are included in these data. Civil functions encompass planning, programming, designing, constructing, and operating Federal water resource projects for navigation, flood control, hydroelectric power production, water supply, and related activities.

The locations shown in the tables are those reported as the site where the work was to be performed. Normally, this is a facility of the institution awarded the contract, grant, or cooperative agreement. However, if the work was scheduled to be performed at a Defense facility, such as an Air Force base, the location shown may be that of the Defense facility rather than the institution.

DATA RELATING TO COMPANIES IN THIS PUBLICATION ARE SUBJECT TO THE ACCURACY OF THE DUN & BRADSTREET CORPORATION'S DATA UNIVERSAL NUMBERING SYSTEM (DUNS) AND/OR THE FEDERAL PROCUREMENT DATA SYSTEM (FPDS) CONTRACTOR ESTABLISHMENT CODE (CEC) AND THE ABILITY OF THESE CODING SYSTEMS TO DESCRIBE RELATIONSHIPS OF COMPANIES.
